THERMOS QUALITÄTSGARANTIE

Diese Garantie wird durch die alfi GmbH Deutschland gewährt. Neben den länderspezifischen Gewährleistungsansprüchen gilt die Thermos Qualitätsgarantie. Thermos Isoliergefäße entsprechen der gültigen europäischen Norm DIN EN 12546. alfi gewährt ab Kaufdatum 2 Jahre Garantie auf Material und Verarbeitung und 5 Jahre auf die Isolierleistung.

Bitte bewahren Sie den Kaufbeleg auf! Im Falle von Reklamationen ist er mit dem Artikel einzusenden. Auf selbst verursachte Schäden, die auf unsachgemäße Handhabung zurückzuführen sind, besteht kein Garantieanspruch. Die Garantieverpflichtung erlischt ebenfalls, wenn Fehler oder Mängel entstehen, die auf Reparaturen und Abänderungen durch nicht autorisierte Dritte zurückzuführen sind.

EN

GENERAL CARE

- Before first use, and as soon as possible after each use wash all parts with warm, soapy water. Rinse all parts thoroughly and allow time to dry. Store with stopper off.
- Contents should not be left in the container for longer than 24 hours. As soon as possible after each and every use, wash all parts with warm, soapy water. Rinse all parts thoroughly with clean water. Allow all parts to dry completely prior to next use or storage.
- DO NOT use abrasive soaps, scouring pads, brushes, or other objects to clean inside of container.
- DO NOT use abrasive cleaners or scrubbers to clean outside of product since they may dull finish.
- This product is top-rack dishwasher safe;

ASSEMBLY & USE

TWIST-AND-POUR STOPPER

1. Remove stopper (A) by twisting counterclockwise.
2. Remove gasket(s) (B and B1) from underside of stopper (A).
3. Wash all parts separately, then re-assemble. Ensure gasket(s) (B and B1) are properly seated to minimize leaking.
4. Fill container (C) with contents. Do not overfill: Leave space for the stopper (A), to avoid overflow.
5. Replace stopper (A) by twisting clockwise.
6. To pour, twist stopper (A) counterclockwise ½

WARNINGS

- DO NOT use product in microwave, on a drip coffee maker, on stove-top, or in any type of oven.
- NOT RECOMMENDED FOR USE BY CHILDREN: Keep out of the reach of children, especially when product contains hot contents, which may burn or scald user.
- Always test temperature of contents before consuming.
- DO NOT look directly into product when filling;

DO NOT

- DO NOT overfill the container: Leave space at top of container for lid and stopper (if present), to avoid overflow. Hot contents may burn or scald user if overflow occurs.
- Check periodically to make sure any gasket (flexible band around lid and/or stopper) is present and properly positioned to prevent contents from passing through lid when lid is closed (if applicable to product). Missing, worn or misaligned gasket may cause product to leak. Leakage of hot contents may burn or scald user.
- This product is "FOR TABLE TOP USE ONLY"; DO NOT use this product to transport liquids on-the-go as it may leak if not maintained in an upright position.
- In general, contents should not be left in the container for longer than 24 hours. However, the rate at which contents spoil depends on several factors. Certain contents that include,

for example,

- If contents are left in the container longer than 24 hours, or you suspect spoilage, use caution when opening the container. Contents spoilage can cause pressure inside the container to build, possibly leading to the forceful ejection of the stopper or contents. In such circumstances, before attempting to open the container, ENSURE THE OPENING IS POINTED AWAY FROM THE USER OR OTHER PERSONS TO AVOID INJURY.
- DO NOT use tools or devices to force container to open.
- If you are unable to open container by hand, do not open it and dispose of it at your local waste facility.
- DO NOT use to store or carry carbonated drinks or dry ice. This may cause lid/stopper and contents to eject forcefully or leak.

DO NOT

- DO NOT drink directly from container.

THERMOS BRAND QUALITY GUARANTEE

This guarantee is warranted by alfi GmbH Germany. The Thermos brand quality guarantee is valid in addition to country-specific warranty claims. Thermos insulated containers conform to the currently valid European standard DIN EN 12546.

alfi guarantees the material and workmanship for 2 years after the date of purchase and the insulation performance for up to 5 years. Please keep your sales receipt! This must accompany your bottle if returning in the event of a complaint.

The guarantee does not cover damages caused by improper handling. The guarantee also becomes invalid in case of faults or defects arising from repairs and/or modifications carried out by unauthorised third parties.
